THE OFFICIAL PUBLICATION OF CALIFORNIA LIONS DISTRICT 4-L4

A Message from District Governor Ken Myers

On October 7, Past International Director Larry Dicus, presented the Lions Clubs International Ambassador Key to Seal Beach Lion Jim Klisanin for bringing 150 new members to the Lions. Lion Jim is a 30 year lion. He is one of eight Lion in the US and the first in MD4 to achieve this award. Thank you Lion Jim Klisanin.

We started last month off with a visit to the Costa Mesa Orange Cost Lions. They may be a small club, but President Walden Hughes said they have a big ROAR that the District and beyond will hear. The cabinet also visited Tustin (Tustin Tiller days was another Lion Event that even the rain could not stop), Huntington Beach, Ontario/Upland, Leo District Meeting and Placentia Linda.

It is good to see Lions teaming up with their Community. Upland Host teamed up with the Upland Park and Recreation Department on Project Connect. Garden Grove teamed up with the Kiwanis on their Pancake Breakfast (Those Leos are good cooks and outstanding helpers). Walnut Diamond Bar teaming up with the City of Walnut Family Fest. Huntington Host teaming up with Second Harvest food Bank. Orange Lion, Harbor Mesa Lions, Chapman University, Tustin Lions and Huntington Beach on Trunk or Treat. Seal Beach Lions participate In Newport Beach Sailing for the Visually Impaired Project.

Now are the Lions still the best kept secret. I agree with President Walden Hughes or Roar is getting Louder. It is true "Where there is a need there is a lion" We serve. Now go and "Answer the Call to Serve."

A Message from 1st Vice District Governor Bob Susaeta

Where has this year gone? I am really happy to report on how well all of our clubs are working together on projects and showing the public what a great organization the Lions Club is.

In October we had clubs take part in a Friends In Sight eye screening in West Covina. Clubs from Seal Beach, Chapman, Orange & Upland Host participated. Several clubs just completed the Ronald McDonald House Trunk or Treat Halloween event and there are many more that have happened. Way to go you Lions that's what it is all about.

While we are doing great working together, we are really lacking in promoting new leadership for our District. I am really concerned with the lack of Lions willing to step into District positions.

The MD4 Leadership Institute is taking place in Ontario CA. on January 16 through the 18th. It is a great program to learn how to become more effective at what you do while using less time. I really encourage all of you to take advantage of this opportunity.

As a leader the most important still you need is good time management. Remember that Lions is a volunteer organization. Your Family should always come first followed by work and faith obligations. The remaining time is for your Lions work. By learning how to manage your time you will find that you can handle a District position without giving up your first obligations.

Please consider attending this program and also stepping up to a District Leadership Position.

*A Message from
2nd Vice District
Governor
Judy Barr*

What an exciting and busy time of year we are in as we enter the final days of 2015. Thanksgiving is a great time to reflect on what is important to us. I'm very thankful for many things this past year. Mostly I'm thankful for the faith and confidence you placed on me when you elected me as your Second Vice District Governor. I want to make you all very proud of me. I'm thankful for my family and friends especially all of the new friends I have made over the past five months as the District Governors team completed most of our visitations. Thank you for your welcoming spirit and the fun we had at each club.

It's also a very exciting time of year as the internationally famous Rose Parade is almost upon us. Your purchase of the parade shirts and hoodies have contributed greatly to building this wonderful float. I will continue to sell clothing as well as pins and banner patches up until the end of December. If you have not purchased a sweatshirt or shirt, I still have a supply left. I'm also selling raffle entries to win the unique, one of a kind, rose stained glass created by our very own PDG PJ Smith. For just \$10, you receive 25 entries into the raffle to win this fabulous piece of art.

In December we will start to work on the float preparing it for its debut on January 1. The dates to work on the float are Saturday, December 12 from 1-5 pm and Monday, December 28th from 8 am until 3:30 pm. There is one open day on Wednesday, December 30th as well from 8 am until 11 pm. Please contact either Lion John Doogan at jdoogan7@icloud.com or Lion Ken Bell at bellk@acm.org to let them know you want to volunteer.

I want to take this opportunity to wish all of you a very happy Thanksgiving. Enjoy your day with those you love and think about our service men and women and our first responders who are unable to be with their families right now. Let's practice Dignity, Harmony, and Humanity during this upcoming holiday season and the world will be a better place!

Happy Thanksgiving!

Spectacular

Seal Beach Lions Donate Town Clock

The Seal Beach Lions gave the City of Seal Beach a special Centennial Gift – a 22' high clock that stands tall at the foot of the Seal Beach Pier.

The face of the clock proudly displays the Lion's logo while the plaque at the foot of the clock reminds guests of how the Lions have served the community since 1939. This was a very proud moment for the members of the Seal Beach Lions Club

At the Seal Beach Lions Club's October meeting, Lion Jim Klisanin received the Lions Club's International Ambassador Key for sponsoring 150 members. Past International Director Larry Dicus made the presentation before a packed house which included over 50 of Jim's Cubs in attendance. A wonderful video was shown highlighting all Jim has done for the club.

Lion Jim is the 8th person in the United States to have accomplished this incredible milestone and the first, not only in our District, but also the first in California Multiple District 4. Jim's motto is "Just Ask". It must work.

Brea Lions distribute 56th Annual O.C. All-Star Charity Prep Football Game Proceeds

By Lion Phil Anton

October 1st the Brea Lions distributed proceeds from our club's 56th annual charity football game (oldest of its kind in CA & either 2nd or 3rd oldest in the nation). Special thanks & kudos to our Game Chairman Lion Bill McLeran for guiding us through this tedious event along with Western Youth Services' (WYS) team of Fred de Avila, Dr. Lorry Leigh & Linda Nitsos & company. I want to give special thanks to Lion Ed Salinas & Lion Dr. Mark Piekarski (next year's Game Chairman) for helping Bill & I navigate through all this with Fred (Fred, you will be greatly missed by all & THANK YOU for all the hours you have sacrificed on behalf of this fundraiser) --- you are all brothers & friends to so many. Thank you, Brea Lions, for coming through when called upon for without you this game would have disappeared years ago, and we need a "team" to keep it going and at the forefront.

Besides having WYS with us on this evening, we also had Kelly McCluskey & Brea Cheer, and Jeff Weber & Krissy French of BOUSD Special Ed (Cathy's Kids). Special visitors from La Habra Host Lions Club were on hand to witness this affair (their club sold raffle tickets & brought the car they raffled off at their Corn Festival to our game).

As a side note, funds were, also, given to other groups who participated through tickets/ad sales, and the funds raised by the Brea Lions Orange County Youth Foundation will be disbursed throughout the year to several other worthy youth groups per our charter & bylaws.

As Thanksgiving approaches, Let us stop and think of what we are thankful. As you reach into the refrigerator think of those less fortunate and see what the Lions can do to make lives better. Can your club support a food drive or clothing drive? Let see what we can all accomplish as a group. If your club needs help with an event please contact me or any members of the Cabinet.

On December 5th the Orange Region is hosting a Health Fair. Meet vendor providers of health related services and products such as screenings, nutrition, fitness, education and information. The Orange Region of District 4L4 are partnering with The Sonora High School annual cheerleader boutique fundraiser which will draw people from all over Southern California. You will have an opportunity to interface with screening, educational and informational *free* services provided by professionals in the health field. Questions please contact Lion Larry Rottweiler

Orange Region Zone A Chairman Elizabeth Steves

Do you remember the movie “Back to School” starring Rodney Dangerfield? Well it definitely comes to mind every first and third Thursday for Lion Larry and me. We aren’t running around with college students at frat parties, wearing togas or passing out in the campus dorms. Sorry to disappoint but, hopefully once we explain you will share our mindset that our back to school actions are meaningful and yes, lots more fun.

Lion Larry and I like to joke that we “have” 24 college age kids. We break up the responsibility of our Cal State Fullerton Lions Guiding Lion tasks. Larry monitors the club secretary and treasurer mentoring and overseeing vital logistics including monthly reporting of service. This is great for me because it’s one less club in my Zone A that I have to hope and pray complete their reporting on time. I have the fun role, monitoring the president and membership chair. Wait, did I say monitoring? I think I mean micromanaging? Or let’s develop a new word, “Microporting” *Micro-Supporting*, Yup, that’s what I meant. Some of you know me well. Each semester the campus Lions schedule dynamics shift considerably so I’m required to keep a constant eye on the ball to ensure I am offering as much support possible. Now if this doesn’t sound fun to you, just wait, that’s coming.

Arriving at the Cal State Fullerton campus we immediately encounter the parking pay meters. \$4 for two hours and that’s okay when the machine gives you your ticket the first time so we don’t have to feed the machine twice and the fee becomes \$8. Two hours is the safety net for parking time even though the meetings just last an hour. The meeting Lion Dave Hubbard attended and talked and talked and talked I went over parking time and got a ticket. Additionally Larry and I are not that fit to speed walk across campus to the TSU meeting place, plus the commute becomes a bit longer, hence the two hour parking time as we brave the campus construction and Lion Larry points out how most of the buildings didn’t exist when he graduated as a CSUF alumni in 1981. Now we are sort of having fun.

Ok, so we get to the meeting. Now the fun begins. Time for us as Lions to do what we do best, serve! Larry’s temperament is much calmer than mine. He can relax while I’m busy analyzing the tasks that the president must complete to run a functional meeting. Half way through, I start to calm. Even though my son is a college student I’m not in the habit of interacting with him and his friends while discussing their world, but I do hear them talking so I consider myself to be “down with it” while listening to the CSF Lions members dialogue. Times I professes that, I deserve the looks of humor displayed by the members who are no doubt being polite when they secretly think I’m as nuts as their parents.

The best part of the evening is now. Now the members are discussing what’s important in their World. After all that’s how we delivered the benefits of becoming involved as a Lion during recruitment to charter. *“Become involved, create the change, it’s your World”* Meeting discussions are light and fun and meaningful and at the end of the night Larry and I feel like our efforts to help support these young Lions will produce future leaders and enhance their humanitarian qualities and fellowship.

Campus clubs enable students, faculty, administrators, alumni and people from the surrounding area serve the campus community together. Campus clubs differ somewhat from traditional clubs. It’s a different population, a different generation but I agree vital that we keep forming with a purpose to bridge the gap between Leo Club and traditional Lions Clubs. Our clubs work hard to foster the Leo members to serve and it only makes sense to develop Lions campus clubs at every University in our district and beyond to further their scope of service and fellowship.

Like our International logo demonstrates, the Lions face both past and future – showing both pride of heritage and confidence in the future. Being a part of District 4L4 Lions Club history and sharing the journey of service with young Lions has been one of the most rewarding experiences of my tenure as a Lion. I dare to say Lion Larry shares this pride as well. The campus Lions are involved, leading and more importantly serving. In the immortal words of Jeff Spicoli to Mr. Hand “if it’s your time and my time, doesn’t that make it our time?” *It is our time* and I believe we are in good hands.

Cal State Fullerton Lions meet on the first and third Thursdays of each month at 7pm. Please visit their website for further information. Guests are always welcome. If you know a current or incoming CSUF student please ask them to considering serving their community as a Lion. Dues are only \$21.50 per LI year July1-June 30. CalStateFullertonLions.org.

You are invited to share the charter celebration Saturday, November 21st. Visit their website for further details or call or text me, 562-665-5515. Talk with our district GMT, Lion Steve Christy, Huntington Beach Lions if you have a lead on starting a campus club.

Orange Region Zone B Chairman Marc Poli

This October, I had the pleasure of working a booth (for my **FULLERTON LIONS** club) at the **BUENA PARK LIONS** "Silverado Days". The food-court features a wide variety of items sold by local non-profits for their fundraisers. I am surprised there are very few Lions clubs which participate in this event. This is truly a big operation, and the BP Lions have done it for so many years that it is a very well run event. Thank you gals and guys for showcasing the Lions so well!

In Late September, the **ORANGE LIONS** donated clothes that had been collected over a 6 month period, and 500 meals to "Mary's Kitchen". Most clubs are considering their input for the upcoming Regional Health Fair, to be held in La Habra. The **COSTA RICA LIONS CLUB** is working on their own fair to be held in Anaheim in January 2016. The focus will be more towards the Hispanic population, and spanish speaking providers will be appreciated. Please contact me for details.

The **GARDEN GROVE HOST LIONS CLUB** and cohost Garden Grove Kiwanis Club jointly held their 2nd Annual Bruce Beauchamp Memorial Pancake Breakfast on Sunday morning, October 25 at Kiwanis land Park in Garden Grove. The event honors the memory of Bruce Beauchamp, a 32-year member of the Lions prior to his passing in 2014. Bruce, a career policeman for the City of Garden Grove, was a well-know and well-respected of the community he grew up in. Bruce was always the top ticket seller for the Club's regular pancake breakfast held annually on Palm Sunday. The honorary hostess for the event was Bruce's widow and current Club member, Lollie Beauchamp; who, of course, sold the most tickets of all members to this event! Help for the Lions in cooking, serving, and clean up was provided by the Bolsa Grande High School Leo Club. Funds raised from the event will be part of the Club's annual charitable donations made to local service organizations and charities.

The **LIONS OF STANTON** helped celebrate the City of Stanton at the State of the City Luncheon on October 15th. On Saturday, October 24th, the club sponsored the City of Stanton's Halloween with Family and Friends event. This was a great event for families with young children. There were game booths, Halloween costume contests, and community outreach for organizations that help the community. Stanton Lions were very appreciative to the city staff for the great job they did in setting up this event.

SEAL BEACH LIONS had another hectic month. The club sometimes had up to three events in a weekend; as happened in October. There's a monthly (and sometimes multiple) sight screening clinics to attend with CLFIS. A dedicated group of members attend these screenings. Without fail, every person who works a clinic experiences the joy of helping give the gift of sight to those less fortunate. On October 17th members worked a sight clinic in Covina. Also on October 17th, Club Secretary Marcella McSorley chaired our "Sailing for the Visually Impaired" project. It's her favorite project, and a favorite for a lot of our members because not only do they get to spend the day with a group of wonderful individuals, they get to do it sailing! Lastly, our project helping McGaugh Elementary School with their annual carnival was also held on October 17th. The club's biggest project in October was organizing and executing the City of Seal Beach's Centennial Carnival in honor of their 100th anniversary. Coincidentally, more than 100 members and Leos worked from early morning to late at night setting up, cooking hot dogs, pouring beer, directing traffic, working the shuttle bus bringing people in and out of town, helping park bicycles, and pouring beer. It was a beautiful day at the beach, and all who attend felt the pride of being a Seal Beach Lion.

Foothill Region Clubs are invited to our first District 4L4 Adopt-A-Highway Training meeting on November 24th, 7p.m. at the Chaffey Communities Cultural Center at 525 W.18th St., Upland. There is no out of pocket expense for equipment. We ask that you join us and if you would like to pursue an Environmental Award for Community Service we will help you obtain that goal.

Please visit the AAH Program's web site and take the time to read some of the informational handouts available.

SIGHT AND HEARING FOUNDATION HEARING AID BANK

I want to inform Lions in the district about the resources of the Sight and Hearing Foundation's Hearing Aid Bank. Any Lion in the district who know someone who needs a hearing aid, but cannot afford one may refer them to the Foundation's Hearing Aid Bank. All you need to do is refer the person in need to me at 310-832-6547 (H), 562-430-0424 (B), or gdenni@juno.com. I will forward the Foundation's information form to the referred person. Upon receipt of the completed form, I will be able to refer them to a hearing aid specialist who will fit them with a hearing aid at no charge.

I also need clubs to donate any hearing aids they may collect. These devices can be refurbished by the specialists we work with, who then fit the aids to the people that need our services. I urge clubs to start hearing aid collection drives (a great community project) in their communities. You can forward the hearing aids to the hearing aid bank to the address below or bring them to district meetings as I attend them all.

Strengthening Partnerships

Special Olympics

OVERVIEW OF SPECIAL OLYMPICS

Special Olympics develops and empowers leaders, catalyzing actions that directly benefit people with intellectual disabilities and their communities. By harnessing the power of people to change hearts, minds and behaviors, we create more cohesive and accepting civil societies around the world.

Founded in 1968 by Eunice Kennedy Shriver, Special Olympics is the world's largest sports organization for children and adults with intellectual disabilities. Special Olympics provides year-round training and competitions in over 30 Olympic-type sports to more than 4.4 million athletes through 226 Accredited Programs in 170 countries.

EXPANDING A ROOTED PARTNERSHIP

A Partnership

Lions Clubs International has been supporting the Special Olympics-Lions Clubs International Opening Eyes® Program for 14 years. Since the partnership's inception in 2000, the Lions Clubs International Foundation has provided over 300,000 Special Olympics athletes with quality vision care.

In 2013, Special Olympics and Lions Clubs International expanded their partnership to include new areas of collaboration beyond vision – including Unified Sports®, youth activation, family support, Healthy Hearing and Athlete Leadership. Lions continue to play a key role in the success of Opening Eyes through hands-on event support.
