## *Weekly Leader #23 - December 1, 2019*

"Before you assist others, always put your oxygen mask on first." We've all joked about this admonition from time to time, especially as we look at our travel mates and wonder.

I believe we are better able to help others when we ourselves are strong and stable. If we take care of our own house and simply do the things we know we should do, then we will strengthen the community. Using Lions as an example, if each club does the best it can for its community, our District will be stronger. If our District is

stronger, then our multiple District will be stronger and so on.

People ask me how we have managed to have a growth in membership. My answer is simple - we focus on our members and our clubs. The steps we've taken to streamline our District and smile, to build up our members and clubs, to look beyond the naysayers to the yea sayers, have all contributed to beginning the cultural change needed to build a brighter, stronger organization.

It is no secret that as we visit clubs we see Lions who are happy, smiling and finding joy in the service they are doing. Fullerton Host Lions are seeing a resurgence in service to the community because they have taken the elation from last year and all the good efforts they took to strengthen their club and carried it forward. La Habra Host Lions have a new vigor and have dedicated themselves to be more "present" at community events. Walnut Lions have stepped out and shown the rest of us the close ties they have with their community. We learn best by examples.

So the next time you run across a naysayer or sourpuss, think about assisting them with their oxygen mask. Open your arms wide, embrace them with a hug of friendship, and ask them to get on board the train with you.

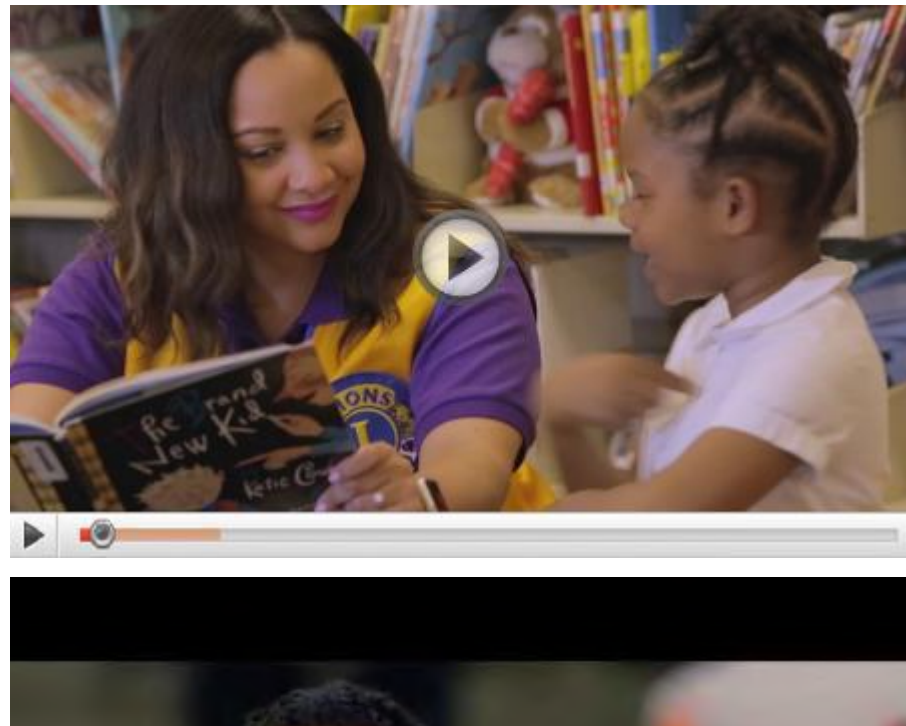

A handwritten signature in black ink, appearing to read "Mark", followed by a long horizontal flourish.

- District Governor Mark Piva

## Leadership Training Stipend

We believe in Leadership starting at the club level. Leadership positions are chairs of committees, club officers, board members, as well as district-level: zone chairs, committee chairs, etc. Do you have leaders or potential leaders in your clubs? If so consider encouraging them to attend one of two Regional Lions Leadership Institutes either in Visalia just prior to the MD-4 Convention in February or in Rancho Cucamonga in March. These institutes are low cost, \$300.

Consider having your club provide a stipend to help develop our future leaders. The District is providing up to \$1,200 in total for District Lions who complete the training. This means if 8 Lions sign up and complete the course each will receive a \$150 stipend. The District money was raised at our Leadership Game Night Fundraiser, the next one will be on February 9, 2020.

To be eligible for the District stipend, complete your application and submit it to GLT Seth Eaker no later than December 24th. Space is limited at this training so make your commitment to attend today. (Lions who have not previously attended Leadership Institutes, or are not a DG, VDG or PDG are eligible.)

# Plant Your Flag For Lions!

Look for flag planters in your clubs!

What are flag planters? Flag planters are doers. They are the type of people who will roll up their sleeves and take on the challenging work.

This year our challenging work is

THIS YEAR OUR CHALLENGING WORK IS

growing our District. We have done well so far in streamlining the organization, changing our attitude about being Lions, and in membership. Now it is time to improve our clubbership. (I mentioned before as Governor I can make up words :-)

We need flag planters who are not afraid to travel to unknown lands (local businesses, hospitals, professional associations, sports clubs, etc.) to show the value of becoming a Lions Club. Flag planters know nurses, doctors, bankers, police officers and other first responders, who are looking to serve their community in a different way than they already do.

If you know a flag planter who could help us plant new club flags send me an email. We will bring everyone together and get started on growing our District today. Send email to: [mark@markpiva.com](mailto:mark@markpiva.com)

## *Weekly Leader #24 - December 8, 2019*

I screwed up this week, and when I do I am usually pretty good at it. I planned to attend the Seal Beach Christmas Parade. However, as I was preparing to leave, it was raining quite heavily where I was and I chose not to go and stand out in the rain. In choosing not to attend I broke my word to Lions Seth, Scott, and John. I am very

sorry for this.

I asked to attend this event, because I wanted to see how this club handles this

large undertaking. More than 3,000 people take part in the parade from the community. Planning for this event takes most of the year. Club members come out in full force on the day of the event to handle security, represent Lions, and help to ensure the guests have a good time and a positive experience. From all indications, they did an outstanding job.

This was one of four events this week in the District, where members showed their dedication to service. Today, the Chino Valley Lions, under the lead of Lion Shannon Sehne, will present the 300+ Operation Christmas Soldier bags to representatives from Camp Pendleton. On Wednesday, in the pouring rain, clubs met to bring their bags to a collection point. This one simple project has provided joy and strengthened the flame of service in our District, and will bring a spark of joy to the soldiers receiving the bags.

La Habra Host Lions held their annual Santa Cause Car Show. This event raises money and collects toys from people in the community for children. At the last minute, changes in the weather caused the event to be moved to another location. They could have cancelled the event, but chose not to disappoint the many children who will receive the benefits of their efforts. Great work La Habra Host Lions and President Buck.

The Garden Grove Host Lions stepped up to support a PTA at an elementary school which holds an annual toy drive. When the local fire department was unable provide the pancake breakfast, Garden Grove Host stepped in. They needed additional grills and reached out to Huntington Beach Host Lions who

[View the full story on the Lions Club website.](#)

brought the extra grills. The event saw the many children present eat pancakes and sausages as they waited to see Santa. Oh yes, it also rained.

The Lions of this District, did not let obstacles stand in their way in providing service. I am humbled by the selfless actions of these Lions.

Mark

## Scenes Of Service

## Membership Minute

Thank you Zone Chairs for the good work you have done in being "present" in your clubs. Our clubs have done a great job in bringing in new members. As Zone Chairs,

you have established the new attitude of service which has lead to a rise in membership.

It will take a while for our efforts at changing our culture and transitioning to a brighter outlook of serving our communities. I know we are having success, based on what I hear and see. A change like this is not always evident in a quantitative way, however for those who want to see it in numbers, here it is:

My Members		Statistics Updated 12/8/2019 6:59 AM	
	This Month	This Year	
Opening Balance	1,246	1,199	
Added Members	55	152	
Dropped Members	37	87	
Closing Balance	1,264	1,264	
Net Gain/Loss	18	65	
Worldwide		1,439,276	

These numbers represent a 5% increase in our membership since July 2019. I share these numbers, not to brag, as I fully understand the fragile nature of membership numbers especially in December. So rather than brag about the numbers, I will brag about Zone Chair Corina van de Pol who has done a wonderful job with our campus clubs. Through her focus and planning, she not only handled the drops of a change in the students graduating, but filled the rolls with incoming students eager to take part in service to their community. Great job ZC Corina!

## *Weekly Leader #25 - December 15, 2019*

Moving beyond the cliches to action is never easy. Cliches can make us look smart. One of my favorites from the 1980s (I read a lot of history books) is "paradigm shift".

A paradigm shift is an important change that happens when the usual way of thinking about or doing something is replaced by a new and different way. It is usually suggestive of an evolutionary change. Lions are going through a paradigm shift and some are further along than others.

Paradigm shifts are real, fundamental changes. For example, it is one thing to say "Kindness Matters", it is entirely different to behave in a way that shows we truly believe it. When we do the latter, we are actually engaged in the paradigm shift. Other cliches and phrases fall into this approach as well, "Be liberal with your praise", "We need younger people", "We need more women in our organization".

These are all nice things to say. Our responsibility, if we say these things, is to truly believe them and take action to bring them about. If kindness matters, then we ourselves need to demonstrate this. We need to be kind to others, especially those in our clubs who are not part of the in-crowd. We need to be liberal in our praise in action, not words, in public and in private.

During this season of reflection, I ask you to consider the things you say and ask yourself, if I really believe this what am I doing to make it happen. Pick two or three to work on in 2020. If we all do this, then we will be closer to bringing about the paradigm shift our association needs.

A handwritten signature in black ink that reads "Mark". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

## Membership Minute

Last week I bragged about ZC Corina, this week its ZC Denny Mosier's turn. He was tasked with a most challenging goal - strengthen six clubs with membership less than 20. He has been most active in reaching out to his clubs and letting them know he is there for them.

The clubs in his Zone have seen a 10% increase in membership in the first six months of the year. Even more important is only one drop in all of the six clubs.

If so consider encouraging them to attend the Regional Lions Leadership Institute in Rancho Cucamonga in March (the one in Visalia was cancelled). The cost for the Institute is \$300.

# Weekly Leader - #26 2019 12 22

## *Weekly Leader #26 - December 22, 2019*

There is a story that at the end of his funeral, Winston Churchill asked that taps be played and immediately followed by reveille. This was his way of saying goodbye and good morning. Goodbye to the world and the life he lived and Good Morning to a brand new day and life.

This week we lost two members of our Lion family, International First Vice President Judge Haynes H. Townsend and Seal Beach Lion Seth Eaker. Both gentleman said goodbye to the world, the life they lived, and to us. And I believe

they said Good Morning to a brand new day and life.

With all due respect to Judge Townsend and his family, I am going to focus my comments on Lion Seth. We in District 4-L4 feel the profound loss of our friend and colleague GLT Lion Seth. I attended a vigil for Lion Seth this week and walked away with the realization that I did not know this man. I also wondered if he ever slept.

The vigil saw an outpouring of emotion from the community for Lion Seth. He was an integral part of Seal Beach life, through his various businesses, his active involvement in the Seal Beach Chamber, his presence at City Council meetings, and his philanthropic activities on his own and through his beloved Seal Beach Lions. Speaker after speaker intoned the impact Lion Seth had on their lives. He made each one of them feel that they truly mattered to him, by opening his heart and ears to them.

I spent the last few years with Lion Seth forming our District's approach to Leadership Development. We always put the District and members first and found the best path. Together, with the leadership team, we provided top-notch workshops and encouraged leadership at the club level. We were successful because of Lion Seth's infectious enthusiasm, energy, and insight.

Lion Seth would not want us to mourn (at least not for long). He would want us to start playing reveille; to pick up the flag and carry it further; to think of him, smile, and say I want to do more. Not more like him, but more like ourselves.

For the first time, I feel like I have found a man who truly understood the meaning of leadership.

To find that spark of kindness in ourselves and share it with the world around us.

Let's take a moment and honor both of our colleagues, Judge Townsend and Seth Eaker for the life they lived and the example they left for the life we can choose to live.

## Membership Minute

As we enter the new year and the second half of our Lions year, I ask each Zone Chair and Club President to work together to set a membership goal.

Here is the challenge. As of today, we have 1,265 Lions. This represents a 5.5%

increase since the start of the year. If we do the same thing for the next six months we will end the year with 1,335 Lions. This is quite the stretch goal as we need this second half 5.5% to be a net growth.

"Share the Joy of Service" is one way we can meet this goal. Invite people to volunteer and let them experience the same joy you do when you work with others to fill gift bags for soldiers, feed the homeless, or give pajamas to young people who do not have them.

## *Weekly Leader #27 - December 29, 2019*

Over the last six months, you heard me say smile, be visible, and know that our members and District come first. This was a continuation of what we did during IPDG Randy's year, when he told us to have fun and inverted the pyramid to place members and clubs at the top. Though we have different ways of approaching it, our vision

has been the same.

We took "small steps" over the last year and a half to achieve our vision. A vision

that sees a renewed sense of service, a joy once again in being a Lion, a celebration of members. True, many of us like to take giant leaps; but it is the small steps which add up to lasting progress. As Jim Fregosi, former manager of the Angels used to say, they played "little ball". They worked to get on base instead of hitting the home runs. If enough people got on base, you would score more runs.

A benefit of more people on base, is that more people get a chance to play and contribute. We saw this most powerfully at last year's District convention, as Lions throughout the District were invited to plan and execute the event. More people attended the convention than in recent years, we had more first time attendees, and over 90 voting delegates. This is an example of what happens when more people are given the opportunity to participate.

This year, we took this example to heart by giving more people the opportunity to participate in events. Using District meetings as an example, we turned over the planning and the meeting to others. The Huntington Beach Host and Walnut Lions took responsibility for the food, the cabinet was there to help set-up and clean-up, and Lions in the District found the venues. The District Governor was not the center of attention at the meetings, rather it was Lions from across the District who spoke and gave presentations, and it was not always the same Lions.

So as we finish out the first half of our Lion year, I ask you to take this message of "small steps" and "little ball" to heart. Do different things and give more

-----

people a chance to play. Join me in leading our legacy into the future. And most of all, remember to smile, be visible, and know that our members come first.

Mark

## Scenes Of Service

On the right is Tustin Host Lions Club veteran Gary Siegel, taking delivery of nearly 200 pairs of used eyeglasses, many of which will be distributed free of charge at the next vision screening event of "California Lions Friends in Sight".

Pomona Host Lions provided support to 150 local citizens, giving them flu shots, screening for blood sugar and providing nutrition information. They teamed with the Pomona Valley Hospital Medical center nurses at the Third Annual Pomona 5K/10K. Lions, from left, are Denny Mosier, Jo Fulton, WenYAnn Stuard, the daughter of Joyce Gonzaga and Clark Selters.

## Membership Minute

Zone Chairs do not forget to turn in your goals for membership in each of your

clubs. By now you should have spoken to each club President and worked out the plan for how they will achieve a net growth in membership. Send the plan to the DG before the end of the year.

## Learning Centers Starting

We are finally ready to launch our Learning Centers. The Learning Centers are hour and a half long gatherings for Lions to share knowledge of particular tools taught by people who are actually using them to make their clubs fun and effective.

We have three scheduled so far for 2020:

- Wednesday, Jan. 22 - 6:30 - 8:00 pm Topic: eNewsletters
- Thursday, Feb 27 - 6:30 - 8:00 pm Topic: Quickbooks for Clubs
- Wednesday, Mar 25 - 6:30 - 8:00 pm Topic: Social Media

The learning centers are scheduled during the week and towards the end of the month to avoid taking up a weekend day and interfering with a club meeting. They will be held at the Garden Grove Lions Clubhouse and are free to attend.

Our third District Meeting is on Saturday, February 1, 2020. It will be held at La Habra City Hall, 110 E. La Habra Blvd, La Habra 90631. Many thanks to Lion Roy Ramsland for helping us secure this great venue.

We will have a breakout session in which we do a service project, provide a quarterly District update, recognize our past District Governors, and have a Zone breakout meeting.

If you listen very carefully, you will hear the sounds of people making their reservations (then again you might need great hearing and an unusual imagination).
